

Unknown Name Cemetery

This cemetery is located behind the Kinsey Baptist Cemetery across the dirt drive. There are two parts to it. The story is that the graves in the fence are African American and those outside are American Indians, how true this is I have no idea, but it is not part of the Kinsey Baptist Cemetery. If anyone reads this and knows about them please let me know so I can set the record straight.

There are 32 graves inside the fence. I am listing the readable ones.
